Letter of recommendation

We, the Peter Kremser GmbH & Co. KG, were looking in the past year for a new supplier in India, who is able to produce products in our name in high quality and in a cost-efficient way.

As for the buildup of future business relationships we were in need of a partner, who well knows the indian market and who will support us in finding new supplier. In Mutual PR GmbH we have found a competent partner who fulfilled the upcoming challenges in line with the times and with accuracy.

Mutual PR GmbH has assisted and supported us with their careful search for contractual partner and has found a suitable supplier who meet our expectations.

The Mutual PR GmbH not only contributed with invaluable input but also assisted on behalf of cultural and technical questions during the meetings with prospective suppliers. This process helped us to save time and costs and enabled us to start our business strategy in India.

We would assign Mutual PR GmbH any time for future projects and highly recommend them to companies who want to enter the indian market.

With best regards,

Peter Kremser GmbH & Co. KG

i. V. Oliver Moritz
Head of product development
