Letter of Recommendation

India will prove to be a very important market and has huge potential for Telit wireless solutions. We will constantly look forwards increasing our footprint in the Indian subcontinent and for which we need a good partner who understand the local markets and IoT(Internet Of Things) industry, both from a cultural and a technical perspective and has a process in place. We have been really fortunate to partner with Mutual PR in this endeavor. Mutual PR brings a surprisingly deep knowledge of IoT markets and of the product with a mature, client relations team over the India. Their Partner Identification Program process helped us in identifying the right partner that is a perfect fit for us in the Indian market. The senior management at Mutual PR, contributed with invaluable inputs which helped Telit wireless solutions chart out business strategy for an all India play.

Telit Wireless Solutions Co., Ltd,

KyungJun Lee
APAC Marketing Director
