Dear Priyadarshi,

I would like to take this opportunity to thank you for providing your professional services to us in our endeavor to locate a strategic partner/customer for our exports business from India.

During the tenure of the assignment I was very much impressed with your structured and organized approach towards

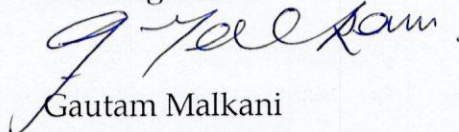

1. Market screening.
2. Identification of Potential partners/customers.
3. Setting up meetings and arranging for factory visits
4. Negotiations with prospective partners/customers

All of the above was completed in a time bound manner and we were able to commence business with selected partners/customers within a very short period.

I personally highly recommend your services to companies that wish to expand their international trade network in a planned and structured manner.

I wish you all the very best for your future endeavors.

Best Regards

Gautam Malkani
